February Update 2024

Susaday Dear Feeding Dreams Cambodia Friends and Supporters,

We cannot believe that it is February already. We wanted to update you on so much that has happened on the ground over the last few months since we last updated you all. We have continued to be so blessed and happy to welcome so many loyal FDC friends visiting us and many new ones also. Last week we also officially launched our 2024 new sponsorship programs.

Our Feeding Dreams Child Sponsorship program <https://www.feedingdreamscambodia.org/sponsor-a-child/> and our FDC Education Sponsorship Program <https://www.feedingdreamscambodia.org/feeding-dreams-education-sponsorship/>

These important programs not only keep our core FDC Education Program running but also support our children at school and at home. Please see below for more information and what's been happening at Feeding Dreams Cambodia.

Thank you, everyone, so much for supporting Feeding Dreams Cambodia and for your big hearts.

Thank you, Sophom Ngin - Feeding Dreams Executive Director -

Sponsor & Change a Life: Feeding Dreams Child Sponsorship Program

Sponsoring a Feeding Dreams Cambodia child will provide access to education, healthcare, and nutrition, fundamentally transforming the life trajectory and opening up a world of opportunities. This support also extends to the child's family, reducing financial burdens, enabling them to invest in their livelihoods, and breaking the cycle of poverty, thereby creating a ripple effect of positive change in their community.

For just a few dollars a day is all that it takes to change the life of a child. Have you, your friend or your family considered sponsoring a child or know someone that can? These children and their families are often unable to feed themselves daily, unable to pay for their schooling & day by day to survive. Our personal and unique, child sponsorship program changes the lives of our children and their families living in poverty.

Please visit our Feeding Dreams Child Sponsorship Program web site page and view the children awaiting sponsorship:

FDC Education Awards

Congratulations to all our 71 Feeding Dreams Cambodia students aged between 15 to 18 years old, who have successfully passed their final examinations of beginner & elementary classes and were awarded education certificates. Well done everyone, students and teachers..... you should be all very proud of yourselves! Feeding Dreams Education Program: building skills, self-worth, confidence, and most importantly, hope for a brighter future. FDC Kindergarten Program

Hello light! Last week we made some exciting modifications to our kindergarten classrooms. This included installing two new windows and bringing in much-needed natural light into our Kindergarten areas, which will greatly improve things when teaching and during playtime and will also assist us in reducing our electricity costs.

FDC School Meals Program

ASC Australian Sweeper Company proudly supports and sponsors Feeding Dreams Cambodia School Meals Program. This generous sponsor loves giving back to those truly in need and helping those less fortunate with 600+ meals daily provided for.

A special sponsorship of our FDC meals program also enables us to occasionally extra spoil our children with baguettes filled with freshly cook chicken breast, our homemade Khmer curry sauce, and salad. Yummy Yummy Yummy!

FDC Classroom Coolness!

How cool is that! Industrial fans for all our Feeding Dreams Cambodia classrooms.

Massive thanks to Dean and Tracey who organized this fundraising and wonderful purchase donation. Our children and teachers will be truly thankful, especially on those hot Siem Reap daytime temperatures.

FDC Health and Safety Program

Volunteer Teacher Tracey has spent much time rolling out a health and safety program for the school. A monthly inspection template has been created and a toolbox talk on safety and risk assessing within the workplace and school has been carried out with the executive team and staff.

Governance has been placed around the program with results being presented to the executive team for assessment and prioritisation of action items and included in board meetings.

Thank you teacher Tracey for helping to improve environment and safety for not only this generation, but future generations of Cambodian people.

FDC Volunteers & Friends

Over the last few months we have been inundated with familiar faces and new volunteers coming to Feeding Dreams Cambodia. Thank you to everyone who recently visited us and volunteered with us on the ground and supported us.

The children have loved having you all with us, as have our FDC team. We offer volunteer experiences that make a real connection and a meaningful difference. Find out more:

FDC Kindergarten Medical

With thanks to Siem Reap Local Community Support Health Centre - Chreav Commune, Siem Reap City our kindergarten kids received medical assessments and also essential medication. Find out more about our FDC Kindergarten program by visiting:

HAVE YOU LET EVERYONE KNOW ABOUT FDC ?

One of the easiest ways you can support & help Feeding Dreams Cambodia is to let the world know about us by leaving a review.

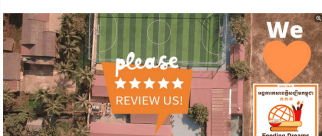

Please take the time to share your experience with us ? Reviews are so important to the continued success of our volunteer and group programs and without them we simply would not be where we are today.

Simply go to this Facebook link: <https://www.facebook.com/feedingdreamscambodia/reviews>

and click on the YES OR NO - Would you recommend Feeding Dreams Cambodia?

Or leave a Google review by going here: <https://g.page/r/CcULrhS0zfcEBM/review>

We know you all love Feeding Dreams Cambodia but have you let everyone know ? ❤️
